Full-time Distance Education students may borrow from the Camden Haven High School library.

Single Course students borrow from their home school.

Texts

Texts come from the library.

Those needed for a single unit of work, like most junior English units, are loaned for 50 days.

Those needed for year-long courses are loaned until near the end of the school year.

You will not be sent resources while you have outstanding items from previous years.

To help keep track of library resources you are sent a list of the items you have on loan twice a term. When you receive your list return those you are finished with or renew those you still need. Renew items by returning the slip with a note written on it or by phoning the library on 65568131.

Non texts

In addition to your texts you may borrow up to 4 fiction and 4 non-fiction resources. These include print books, audio books and magazines.

Items are loaned for 35 days.

To see what is available log into the DET portal and use library enquiry.

Alternatively, phone the library 65568131, to discuss what you would like.

These books will also appear on the list sent to you twice a term and should be returned or renewed in the same way.
